- **Macro Twin Lite MT-24EX**
  As macro photography dedicated flashes, they can be used for various macro flash photography purposes.

Power Supplies

- **Compact Power Adapter CA-560**
  An adapter for powering the digital camera from a household power source. You are recommended to use the compact power adapter to power the camera for prolonged use or during a computer connection.

Please check the cable of the CA-560 you purchased. A ferrite core should be located near the adapter. If there is no ferrite core, please contact your retailer.

Ferrite core

- **Battery Pack BP-511/511A/512/514**
  Rechargeable lithium ion battery.
- **Battery Charger CG-570**
  Battery packs can be charged from a household power source using Compact Power Adapter CA-560 or Compact Power Adapter CA-570 (sold separately).
- **Car Battery Cable CB-570**
  Required when charging the battery pack from the cigarette lighter socket of your car, using the Battery Charger CG-570.
- **Battery Charger CG-580**
- **Battery Charger CB-5L**
  A small convenient battery charger that charges the battery packs using a household power source.
